PROFESSIONAL EXPERIENCE:

During my low season of my private practice from 2002 to 2013, I have taken numerous locum assignments. I have contracted with the cruise lines, Royal Caribbean, and Celebrity as an emergency room physician out of Miami and other cities throughout the US and Europe. Since closing my office in February of 2013, I have been working as a locum physician as an urgent care, emergency room physician, and hospitalist. Substituting PCP's offices have also been enjoyable. In my down time my office runs doing Telemedicine and house calls during the Pandemia of 2020. Any gaps in history reverts to FPS, Inc. for continuum in self-employment and ongoing. However; my assignments have not been limited to work histories that are listed in CV.
